

IN THE SPECIFICATION:

Page 1, the first full paragraph, please amend as follows:

Field of the Invention

The present invention relates to random-signal generating devices.

Page 1, the third full paragraph, please amend as follows:

Brief Summary of the Invention

A general objective of the invention is a device to ~~generated~~ generate high-quality random signals.

Page 3, last full paragraph, please amend as follows:

Brief Description of the Drawings

Other features and advantages of the invention are elucidated in the illustrative and non-limiting description below and in relation to the attached drawings.

Serial No. 09/891,499

Page 4, fourth full paragraph, please amend as follows:

Description of the Preferred Embodiments

The circuit 11 shown in an illustrative embodiment of the present invention includes one inverter 111, or an odd number of such inverters, and is applied as a loop through a logic gate 112.
